Welcome to LITE & Murdoch University Library

LITE is an online library program designed to help you develop lifelong research skills.

Learn to locate, evaluate and use information effectively. LITE will introduce you to the Murdoch University Library and the resources available to you.

LITE will teach you how to
- search the Library’s catalogue
- access electronic resources and
- reference your books and articles

LITE is a compulsory component of your foundation unit and assigned 2.5% credit. You MUST complete LITE by your Week 4 Foundation Unit Tutorial.

How to access LITE
LITE can be accessed through ‘MyUnits’ on the Current Students home page. If it isn’t listed as one of your units, please contact your Foundation Unit Coordinator.

If you click on ‘MyUnits’ you will be directed to the Murdoch Authentication & Identification Page. Login with your student ID and password.

Course Information
There are 3 main links to navigate around LITE:
- My Grades
- Course Content and
- Assessments.

LITE is made up of 6 online modules and 5 online quizzes followed by a Feedback survey.

Please note that the modules MUST be completed in the order listed and that there is NO quiz for Module 1.

When you finish a module, click on Assessments to access the quiz.

Assessments
You only have ONE attempt at each LITE quiz, so please make sure you:
- read all the module content carefully
- complete all the activities and
- watch all the demonstrations

before attempting the relevant quiz.

There is no time limit so you can save your answers and come back to a quiz later but DO NOT click finish until you are ready to submit your answers for grading.

Your results will be forwarded to your Foundation Unit Coordinator. We strongly recommend that you print and keep a copy of “My Grades” for your own record.
